**Sixteen Years' Experience**  
in handling Spectacles,  
and a study of the latest style glasses,  
general way enabled me to fit  
those whose sight was failing because  
of advancing age (Presbyopia)  
and those who were nearsighted  
(Myopia), but where astigmatism or  
any peculiarity of the sight existed I  
was obliged to refer the customer to a  
city oculist. Not satisfied to do a  
business that I could not do properly,  
I determined to study Refraction. I  
secured the best works on that subject,  
"Harridge on Refraction," by  
Dr. J. W. Harridge, F. R. C. S., a  
well recognized authority on Optics  
and Refraction, and these I studied  
well. I also attended lectures at the  
New York Optical School last fall,  
and bought the best quality testing  
case and outfit at \$100, and feel just  
ified in making the announcement  
that I am now ready to prescribe for  
and correct the vision of almost any  
and all conditions of the eye where  
glasses are needed. The liberal pa-  
tronage extended to me during the  
sixteen years I have been in business  
here encourages me to enter this new  
field in connection with my regular  
business, and believe my customers  
will be glad to know that they can get

**PROPERLY FITTED GLASSES**  
without the trouble and expense of  
going to the city. No charges at  
present for examination of eyes.  
Glasses ground to order in New York  
when special lenses are needed.  
Those coming from a distance would  
do well to notify me by card.

Respectfully,
